As a properly licensed contractor, I am applying for a permit for the following residential work.

The work is located at _____ (address).

Type of Fuel

☐ Water Heater

☐ Natural Gas

☐ Gas Logs

☐ LPG

☐ Furnace

☐ Oil

☐ Air Conditioning

☐ Heat Pump

☐ Other (please specify) _____

I understand it is my obligation to ensure that all of this work complies with the Virginia Uniform Statewide Building Code.

This includes requesting required inspections at appropriate stages of construction. In lieu of providing full details and specifications at the time of permit issuance, I agree to provide all manufacturers' specifications, installation, and operating instructions at time of inspection.

I understand that failure to do so will result in a Fifty Dollar (\$50.00) reinspection fee.
